

**Section 1. Product Identification**

Trade name:	FITC-DEAE-Polysucrose
Chemical name:	Fluorescein isothiocyanate-diethylaminoethyl-dextran
Catalogue no.	FDP70, FDP400
CAS no.	N/A
Mol. Formula:	N/A
Manufacturer:	TdB Labs AB, Ulls väg 37, 756 51 Uppsala, SWEDEN, Tel: +46 73 0608200

**Section 2. Composition/Information on ingredients**

Chemical family:	Fixable carbohydrate polymer
Appearance/odour:	Yellow or Orange powder, no distinctive odour
Melting point:	Decomposes on heating
Solubility:	Soluble in water
Molecular weight:	Approx. 70000 to 400000 Dalton

**Section 3. Hazards Identification**

Routes of entry	Effects of occupational over exposure
Inhalation:	No information on the toxicity after inhalation. Most dust will produce irritation, inflammation or toxic symptoms on prolonged inhalation.
Eye contact:	No information available on eye exposure.
Skin contact:	Dermal absorption not known but presumably nil.
Ingestion:	No information available.

**Section 4. First-aid Procedures**

Inhalation:	Remove exposed person to fresh air. Get medical attention.
Eyes:	Wash thoroughly with water for 15 minutes. Get medical attention.
Skin:	Wash off with soap and water.
Ingestion:	Rinse mouth with water and give water to drink. No treatment required if only small amount.

**Section 5. Fire-fighting Measures**

Extinguishing media:	Carbon dioxide, dry chemicals or water
Special fire-fighting procedures:	Use media appropriate for primary cause of fire.

# Safety Data Sheet

## FITC-DEAE-Polysucrose

### Section 6. Accidental Release Measures

Action in event of spill: Collect material taking precautions to minimize dust. Use wet mop. Place collected material in suitable container for disposal. Flush area with water and drain into sewer. Floor may become slippery.

### Section 7. Handling and storage

Precautions to be taken when handling: Protect from dust. Use approved facemask and protective clothes. Wear safety glasses. In case of severe and repeated exposure follow recommendations of local safety officer. Store in tight dark container.

### Section 8. Exposure Controls/Personal Protection

Exposure limit: Not established  
Special personal protective equipment: Use suitable protective clothing  
Respiratory: Use approved face mask.  
Eyes: Use safety goggles.  
Gloves: Use plastic gloves

### Section 9. Physical and Chemical Properties

Appearance: White powder  
Vapour pressure: N/A  
Relative density: N/A  
Melting point: Decomposes with charring  
Molecular weight: Approx. 4000-500000 Dalton  
Flash point: N/A  
Solubility in water: > 50% by weight

### Section 10. Stability and Reactivity

Stability (normal conditions): Stable for more than 6 years when stored dry in well-sealed containers at ambient temperature.  
Conditions to avoid: High humidity; high temperatures (>60°C)  
Incompatibility: Avoid contact with oxidizing agent (e.g. nitric acid, permanganates).  
Hazardous decomposition products: Thermal decomposition may yield oxides of carbon and nitrogen.

### Section 11. Toxicological information

Toxicity information: No information available.  
LD50: No information available.

### Section 12. Ecological information

No information available. However, dextran itself is biodegradable.

# Safety Data Sheet

## FITC-DEAE-Polysucrose

### Section 13. Disposal Recommendations

Collect material taking precautions to minimize dust. Use wet mop. Place collected material in suitable container for disposal. Flush area with water and drain into sewer. Large quantities may be incinerated.

### Section 14. Transport information

EEC:	Not listed
Dangerous goods:	Not restricted
EINECS:	Not listed

### Section 15. Regulatory information

S22: Avoid inhalation of dust.

### Section 16. Other information

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. TdB Labs AB shall not be held liable for any damage resulting from handling or from contact with the above product.
