

# Safety Data Sheet

## Tetramethylrhodamine Hyaluronic Acid-Se

Version 5.0 Revision date 2022-01-10

### Section 1. Product Identification

Product name: Tetramethylrhodamine-hyaluronic acid-Se  
Chemical name: Tetramethylrhodamine-hyaluronic acid from  
*Streptococcus equi*  
Catalogue no. THA-Se  
CAS no. N/A  
Mol. Formula: N/A  
Manufacturer: TdB Labs AB, Ulls väg 37, 756 51 Uppsala, SWEDEN  
Tel: +46 (0)730608200

### Section 2. Hazards Identification

Classification of the substance Not a hazardous substance  
Label elements Caution- substance not yet tested completely

### Section 3. Composition/Information on ingredients

Chemical family: Polysaccharide derivative, glycosaminoglycan  
Appearance/odour: Red powder, no distinctive odour  
Melting point: N/A  
Solubility: N/A  
Molecular weight: Approx. 1.5 million Dalton

### Section 4. First-aid Procedures

Inhalation: Remove exposed person to fresh air. Get medical attention.  
Eyes: Wash thoroughly with water for 15 minutes. Get medical attention.  
Skin: Wash off with soap and water.  
Ingestion: Rinse mouth with water and if person is not unconscious give water to drink. No treatment required if only small amount.

# Safety Data Sheet

## Tetramethylrhodamine Hyaluronic Acid-Se

### Section 5. Fire-fighting Measures

Extinguishing media: Carbon dioxide, dry chemicals or water  
Special fire-fighting procedures: Use media appropriate for primary cause of fire.

### Section 6. Accidental Release Measures

Action in event of spill: Collect material taking precautions to minimize dust.  
Use wet mop.  
Place collected material in suitable container for disposal. Flush area with water and drain into sewer.  
Floor may become slippery.

### Section 7. Handling and storage

Precautions to be taken when handling: Protect from dust. Use approved facemask and protective clothes. Wear safety glasses. In case of severe and repeated exposure follow recommendations of local safety officer. Store in tight dark container.

Recommended storage temperature: 2-8 °C

### Section 8. Exposure Controls/Personal Protection

Exposure limit: Not established  
Special personal protective equipment: Use suitable protective clothing  
Respiratory: Use approved face mask.  
Eyes: Use safety goggles.  
Gloves: Use plastic gloves

### Section 9. Physical and Chemical Properties

General information:  
Appearance: Red powder, No distinctive odour  
pH: N/A  
Vapour pressure: N/A  
Relative density: N/A  
Melting point: N/A  
Molecular weight: Approx. 1.5 million Dalton  
Flash point: N/A  
Fat Solubility: N/A  
Solubility in water: Soluble

# Safety Data Sheet

## Tetramethylrhodamine Hyaluronic Acid-Se

### Section 10. Stability and Reactivity

Stability (normal conditions):	Stable for more than 6 years when stored dry in well-sealed containers at ambient temperature.
Conditions to avoid:	High humidity; high temperature (> 60°C).
Incompatibility:	Avoid contact with strong oxidizing agents.
Hazardous decomposition products:	Thermal decomposition may yield oxides of carbon and nitrogen.

### Section 11. Toxicological information

General information: The substance is a polyanion and possesses many biological activities in vivo. However, since it is not absorbed by the skin no toxic effects are expected under normal operating conditions provided the recommended precautions are followed.

Acute toxicity:

1. Inhalation: The material should be handled as a potential irritant and long term or repeated exposure to dust prevented.
2. Skin/Eye contact: May cause irritation

Long term: No data available on carcinogenicity, mutagenicity or teratogenicity.

Routes of entry:	Effects of occupational over exposure:
Inhalation	No information on the toxicity after inhalation. Most dust will produce irritation, inflammation or toxic symptoms on prolonged inhalation.
Eye contact	No information available on eye exposure.
Skin contact	No information available on skin exposure.
Ingestion	No information of toxicity available.

### Section 12. Ecological information

No information available.

### Section 13. Disposal Recommendations

Collect material taking precautions to minimize dust. Use wet mop. Place collected material in suitable container for disposal. Flush area with water and drain into sewer. Large quantities may be incinerated.

## Tetramethylrhodamine Hyaluronic Acid-Se

### Section 14. Transport information

EEC:	Not listed
Dangerous goods:	Not restricted
EINECS:	Not listed

### Section 15. Regulatory information

P261: Avoid breathing dust/ fume/ gas/ mist/ vapours/ spray.

### Section 16. Other information

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. TdB Labs AB shall not be held liable for any damage resulting from handling or from contact with the above product.
